"Veronica and the staff at The Harbor were very helpful in getting (my son) the help that he needed to make better choices and get his life back on track. Unfortunately, my mom passed away in December and I think that shook him up a bit too, because the skills that he learned and the advice that he was given about talking about how he feel(ing)s, he continues to make good choices and has become a better student as well. "

SAFETY 190

safety plans were completed in between October - December 2025.

"I just pray that you continue to help other kids as you've helped my son. Thank you for everything you guys have done for us."
